Health Related Services

Prescription Drug Savings

This benefit makes it so easy for Members to save! It's not your typical prescription discount program offering coupons or rebates for savings. This benefit uses a premier network of pharmacies across the nation giving Members access to true prices of prescriptions at several pharmacies within the Member's area - skipping the "markups and fees!" From there, it's entirely up to the Member to choose where to get their drugs - most Members get pretty excited over freedom of choice and saving money!

How it works: Members choose the best pharmacy for them - taking into account the pharmacy's location and cost of drugs - from the list of options provided within their prescription drug savings app.

To save on prescriptions, when a doctor asks for the Member's "regular" pharmacy, a Member should simply do the following:

- ✓ Open the prescription drug discount app and enter the name of the prescription drug
- ✓ Review the list displaying local pharmacies and the cost of the drug at each
- ✓ Choose the best pharmacy, taking into account the location and cost
- ✓ Access prescription history at anytime through the app

Dental Services¹
